

St. Patrick Catholic Community

Annual Stewardship Report

Dear Friends,

The word "Steward" or "Stewardship" is used over 80 times in the New Testament. Jesus uses examples of one being a Good Steward of another's gifts. A follower of Jesus understands that everything comes from God and that everything should be treated as a gift from God. We use these gifts from God for the benefit of others.

St. Patrick leadership offers to the community an account of how we have been good stewards of the gifts you have offered for the benefit of the community and its mission of Christian discipleship. We are guided by parishioners who form our

Parish Finance Council and offer guidance to the Pastor and Parish leadership in financial matters. We have been blessed in our parish by the generosity of a good number of people.

Stewardship also involves acts of service and acts of mercy to the parish community and the people out in the greater community. Stewardship involves the gift of ourselves for many good causes in the greater community. This is discipleship bringing Christ into the world.

Stewardship also includes prayer. Prayer is not a passive response to the challenges we face, rather it opens our lives to the grace of God working through us. Just like the 12 disciples, we cannot accomplish things on our own - God's grace leads us to do great things for others. We cooperate with his grace by being willing to invite God to be the center of our lives.

I invite all parishioners to review this report on Stewardship. To those who participate in the giving, we are grateful for your response to the mission of Jesus Christ's message. To those who have been waiting to be asked to offer your gifts to the Lord's community this year is the time to respond. I hope you see in this report that our parish continues to strive to be the Good Stewards that Jesus talks about. On behalf of all who serve in this parish community, we give thanks for your giving of Giving, Praying, and Serving.

Peace in Christ,

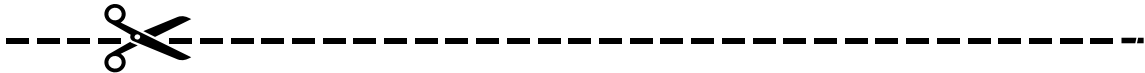

Fr. Eric Tellez, Pastor
